Special Announcement

This is just a very brief announcement video. Two of my subscribers have done wonderful covers of my End Times song, "Doom & Gloom" and I will put the links below. The first one is by Peaches. She is a very sweet, wonderful lady. Be sure to listen to her version and she did one a few weeks ago of "Hail Mary". And the second one is by Ines Krupa, a very professional rendition. She uses layered voices. It sounds like a full orchestra and by the way, you should go to her channel and watch all of her music videos. She did a cover of Adele's "Rolling in the Deep" which is very professional, in fact, I think it's better than Adele, so be sure to click on the two links below and give both ladies a "thumbs up".
