

Haiti Earthquake: Signs of the End

On this program, I would like to talk about the Haitian earthquake which a lot of YouTubers have been asking me about. They want to know, what is the meaning of the Haitian earthquake, and is this found in Bible prophecy?

Of course Jesus Himself in Matthew 24,7 talks about the End Times signs of His return, which would be earthquakes in 'diverse places'. Now 'diverse places' means unusual places, and certainly the Haitian earthquake would qualify, because they haven't had an earthquake of this magnitude in hundreds of years. But I believe this prophecy was more than just a fulfilment of Matthew 24,7. I believe this was a specific warning to America, and to the Roman Catholic Church.

Remember as I have been saying on all these videos, before the Antichrist can appear, his main obstacles which he must remove are the United States and the Catholic Church. It's noteworthy that the two major buildings destroyed in Port-au-Prince were the National Assembly Building and the Catholic cathedral. Let's take a closer look at these two structures.

Now as you can see. this structure looks very much in fact like our own Capitol in Washington DC, and even the flag looks somewhat like an American flag. Of course this whole building lies in ruins now, due to the Haiti earthquake. Now the National Cathedral was also a very beautiful building, and like most of the buildings in Port-au-Prince this also lies totally in ruin.

What does Jesus say our response should be to natural calamities such as the Haitian earthquake? Certainly it should not be that we blame the Haitians, and say that they made a pact with the devil. This is a false understanding of scripture. Let's see what Jesus says in chapter 13 verse 4 of St. Luke.

Luke 13 verse 4: 'Or those eighteen, upon whom the tower in Siloam fell and slew them, do you think that they were sinners above all men that dwelt in Jerusalem?' Now this is very similar to what happened in Haiti. Notice that the tower was man-made, and most of the deaths in Haiti occurred from the buildings falling on people, not from the earthquake itself. And Jesus continues in verse number 5: 'I tell you No.' In other words, they were not sinners, 'but unless you repent, you shall all likewise perish'.

In other words, the fall of the Tower of Siloam was a prophetic event, because this is what prophecy is all about; people repenting. And the tower in Siloam was the same as the Haiti earthquake, and it is a warning to us that we also must repent.

So in conclusion we see that the Haitian earthquake warning was very similar to the warnings last month, and that is the attack of the woman in red upon the Pope, which prophesied the downfall of the Catholic Church, and also the Norway spiral, which prophesied the downfall of Barack Obama and the United States.
