

## Apocalyptic Sign: Putin's Face in a Flock of Birds

Jesus said that the signs of his coming would appear in the "**sun, moon and stars**" and I believe that includes in the sky. And, the Bible says that the Holy Spirit in the End Times "**would be poured out on all flesh**" and I think that includes, birds, fish and animals. And one of my subscribers, Laurie, brought to my attention this amazing incident in New York City, where Vladimir Putin's face appeared in a flock of undulating birds which are called murmurations.

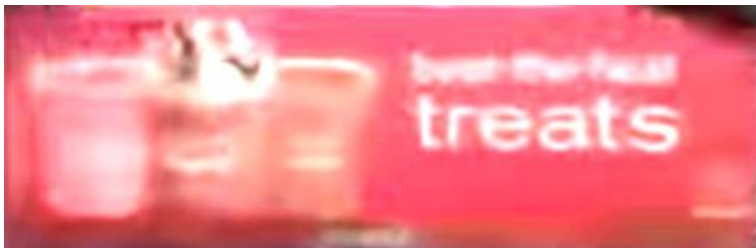

By the way, you should watch murmurations on YouTube. There are many, many fascinating videos of birds forming geometric patterns. Well, take a look at some examples.

Really, they are fascinating and sometimes they do form faces as this YouTuber by the name of Cheryl Gilbert, found out and let me read this article. This is from the Daily Mail and it was on the Internet this morning and the dateline is Wednesday, August the 19th. "*Is this a warning to the U.S.?*" Now it's interesting that they use apocalyptic terms like that. This is not just reporting a simple event. They are interpreting it and they are interpreting it Biblically and I agree with it. This is an apocalyptic warning specifically to the United States of America. "*The creepy moment thousands of birds flying over New York merged to form Vladimir Putin's face. Cheryl Gilbert captured flock of*

*undulating birds," they are called murmurations as I said, "moving across the sky recorded it as she crossed the Williamsburg Bridge in Brooklyn this week." And I will put a link to her video below because you really should watch it. It's fascinating. "The 11 second clip has attracted more than a million views on YouTube."*

So now, let's take a quick look at this and I will stand off to the side and I think I can stay in your picture as you watch. Now some people are saying this is not authentic. I disagree. I believe this is a miraculous image. Now I'm going to play it again in slow motion and when I do, please note the red billboard in the lower right of your screen. Okay now that billboard is very interesting.

Notice it says "treats" on it and I can't read the fine print. Maybe some of you can tell me what that is saying. Do you suppose that this

warning, and I believe it comes from God, is telling us that Putin has some treats for the United States but what kind of treat would that be. Let's take a closer look at that billboard especially that center scoop of ice cream. Does that look like a nuclear explosion to you? It does to me. And I think that is what this murmuration of birds over New York City is telling us. This is a specific warning from the Bible and it expressed currently in this amazing murmuration of birds.

And where do we find this in Scripture? Let's look at Daniel chapter 11, verse number 41: **"At the time of the end,"** that's the time we are living in now, **"the king of the south,"** that would be Barack Obama, **"pushes at him,"** and that is, he provokes the king of the north, **"and the king of the north,"** that would be Vladimir Putin, **"comes against him like a whirlwind, with chariots, and with , and with many ships: and he shall enter into the countries,"** countries is plural, that's both Britain and America, **"and he shall overflow and pass through."** What we are reading here is the defeat of the Whore of Babylon in World War III. This is when America is burned with fire and I believe this billboard, which shows a nuclear explosion, is the real message of this murmuration of birds. Really, an amazing clip and as I say, watch Cheryl Gilbert's original clip below because it's really very interesting.
