

## **Obama is the Leopard in Bible Prophecy**

The topic for this program is the imminence of World War 3; and we will be looking at chapter 7 from Daniel, because there are seven prophecies in Daniel's chapter number 7 which must occur before World War 3 breaks out, and the election of Barack Obama as the President of the United States fulfills the sixth of these seven prophecies.

Now, let's take a closer look at Daniel's chapter number 7 where he reveals the four great beasts which come up out of the sea and their importance as far as World War 3 is concerned. In verse number 3, Daniel writes: "and four great beasts, different one from another, came up out of the sea". And, in verse number 17, Daniel writes: "These four great beasts are four kingdoms, which shall arise out of the earth".

Notice, in 17, the Angel tells Daniel that the beasts come out of the earth, while back in verse number 3, they come up out of the sea. The reason is because each beast symbolizes both a nation and the leader of that nation. This is very important for us to understand.

In verse number seven, Daniel describes the "New World Order": "after this I beheld in the vision of the night a fourth beast, dreadful and terrible, and exceedingly strong, and it had great iron teeth, it devoured and broke in pieces, and stamped with its feet, and it was different from all the beasts that were before it and it had ten horns". These ten horns are the leaders of the world's nations of today and they will all support "The New World Order".

In verse number eight Daniel writes, I considered the horns, and behold another little horn sprung out of the midst of them, before whom three of the first horns were plucked up. The little horn is the Antichrist. He comes out of the midst of the ten world leaders who support the one world government. When the three kings are plucked up, that "plucking up" refers to World War 3.

Now, notice in this passage, Daniel writes: "before whom three of the first horns were plucked up". In other words, World War 3 occurs before the Antichrist makes his public appearance. Even though the Antichrist will instigate World War 3 from behind the scenes, we will not know his identity until the second half of the great tribulation.

In verse number eight, we noticed four horns, the little horn of the Antichrist, and the three horns which he plucks up. Here, in verse number nine, we will find that there are also four attributes of almighty

God: "I beheld till the thrones were cast down, and the Ancient of Days sat, whose garment was white as snow, (number one) and the hair of his head like pure wool, (number two) his throne was like a fiery flame, (number three) and his wheels as burning fire (number 4).

In the next verse, we will find that Daniel uses the word "thousand", also four times: "A swift stream of fire issued forth from before him, thousands upon thousands ministered to him, and ten thousand times a hundred thousand stood before him". This is the third consecutive verse where the number four is extremely important.

There are four very important numbers in all end times apocalyptic literature: the numbers 4, 7, 12 and 28. Back in chapter four, Daniel uses the number seven four times. Here in chapter seven he uses the number four at least seven times. There are four winds that blow on the sea, there are four beasts, there are four horns, as we've already seen. We will also find out that there are four heads on the leopard, four wings on the leopard, and, as we have just mentioned, there are three fours in three consecutive verses of Daniel.

None of this numerology is accidental. In fact, if you will look at the structure of chapter seven, you will see that it is broken up into four different sections of seven verses each, very much like the weeks in a month, seven days in each week, four weeks in a month. Daniel's extensive use of the number four and the number seven, in both numerology and in his structure, indicates that chapter number seven is an end times chapter.

Next, let's look at the beasts which come up out of the sea, because we will need to know their identities if we are going to understand the very near imminence of World War 3. In verse number 4, Daniel writes: "The first was like a lioness and had eagle's wings. I beheld till her wings were plucked off, and she was lifted up from the earth, and made to stand upon her feet like a man and a man's heart was given to her".

Most Bible Scholars understand this is an end times reference to Britain and the wings that are broken off symbolize her colonies, particularly the United States. In verse number 5, Daniel describes another beast: "And behold, a second beast like a bear stood up on one side, and it had three ribs in its mouth between the teeth, and they said to it, arise and devour much flesh". Again, most Bible Scholars understand that this bear must be communist Russia. Standing on one side, means that it has leftward political leanings. The three ribs in the mouth indicate that it devours much flesh; in other words, it maintains control over its

neighbors. (I now understand that the three rides indicate the first three beasts)

Since these beasts represent both a nation and its leader, it's interesting that the bear, which is Russia, is currently lead by a premier called Dmitry Medvedev. Medvedev refers to a bear in Russian. And, the next beast which comes up out of the sea, the leopard, should be of most concern to us as Americans, because this leopard represents the United States and its leader, Barack Obama.

"After this I saw another beast, like a leopard, which had on its back the four wings of a bird, the beast also had four heads, and dominion was given to it". The leopard has a skin which is both black and white. That symbolizes the racial makeup of America. The four wings symbolize the four military branches of our government (which sit on the joint chiefs of staff): the Army, Navy, Air Force and Marines.

The four heads symbolize our four branches of government: Senate, House, President and Supreme Court. And, "dominion" indicates the power given to the United States. We are considered the world's lone superpower. We need to understand that no nation in the world fulfills this prophecy of Daniel like the United States of America.

When some false prophet tells you that Germany, or some other country, is the leopard, ask them: where is Germany's dominion over other nations. What are the four heads of Germany? What are the four wings of Germany? But, more importantly, who is the leader of Germany who represents the leopard?

In our recent election in the United States, we elected the leopard which Daniel is talking about. Barack Obama is the leopard because his skin, like the leopard, is both black and white. The four wings on the leopard and the four heads symbolize that Barack Obama is the forty fourth President of the United States, and dominion has certainly been given to Barack Obama. We need to remember, that the three nations who are plucked up, the bear, the lion and the leopard, are Russia, Britain and America. They will destroy each other in World War 3.

This war will be instigated behind the scenes by the Antichrist. With the election of Barack Obama, one more piece in the puzzle has been found. We also need to understand that God does not prophesy these events to us in order to scare us but rather to prepare us.
